

The REACH (Registration, Evaluation and Authorisation of Chemicals) Regulations

DECLARATION OF SVHC (SUBSTANCES OF VERY HIGH CONCERN) FREE PRODUCTS

I Fred Cramer on behalf of PMI (Pacific Market International, LLC) can confirm that all products supplied to Chroma France do not contain any substances listed upon the SVHC list which has been issued by the Chemicals Agency (2008). I also declare that I shall advise Chroma France if any SVHC's will be present in new products going forwards.

I have taken the following measures to ensure that the aforementioned declaration is correct:

Our factories have certified that the current materials used in our products do not contain the 16 substances listed on the SVHC list released June 30th, 2008.

Sign:

A handwritten signature in blue ink, appearing to read 'Fred Cramer', is written over a horizontal line.
